"Overcoming poverty is not a **gesture** of charity. It is an act of **justice**. It is the protection of a **fundamental human right**, the right to dignity and a decent life."

- Nelson Mandela, former President of South Africa.

About Proud Indian

Ever since its inauguration on 26th January 2019, Proud Indian has been working laboriously and tirelessly with one single goal - Eradicating poverty in India.

The Proud Indian NGO started as a small group of friends with similar motivations, with experience in numerous social upliftment projects and we have been growing ever since! With extensive research, mapping and several rounds of discussion with experts in poverty eradication, Proud Indian's model towards the cause is to build self-reliant communities by providing necessary business oriented training, assets and opportunities to the ones who need it the most. While preserving the sustainability of our projects, Proud Indian strongly believes that the real development is how much the poor get richer.

- Team Proud Indian

Our Co- Founder Message

"I strongly believe that we can uplift the society only through education and awareness". Through Proud Indian, we reach out to the low-income communities from the most backward parts of the city and provide them a platform where they can improve basic English speaking skills and their knowledge about government schemes (Know Your Benefits Program).

S Chenthil Kumar | Co-founder

"I believe that poverty is not a money problem, its lack of opportunities and guidance within society. By working more on social projects, we realized this, so we created this Organisation with a group of friends with similar thoughts. The idea of seeing real development in the poor in all aspects such as health, financial growth, education awareness, social awareness, etc has led to the formation of our organization."

Sarjun H | Co-founder

Our Vision | Build a small-scale business model for the low income community groups and improve their standard of living.

Our Mission | Build a self – reliant community by providing the necessary business – related training.

Community

A slum has around 350+ families and around 500+ children and most of them lack facilities like Electricity and toilets. The Iblur slum alone has 107 huts inside. Currently, 389 people are residing in these huts. According to our survey, there is always 2-5% of the floating population in all the communities. As on January 26th 2019, the Iblur community did not have any access to toilets and electricity.

COVID
Special Program

After Covid started spreading in karnataka, we started working in various communities around the city to fulfil various requirements like food distribution and supporting covid patients in getting hospital beds through BBMP customer care cell.

Dear Mr Sarjan & Mr Kumar,

Sub: Appreciation and letter of thanks for supporting the Government of Karnataka in its fight against the COVID – 19 pandemic.

***

The Government of Karnataka acknowledges your valuable support in its fight against the spread of COVID–19. We greatly appreciate the tireless efforts put forth by your organisation to augment the capacity of the State Government in tackling the fallout of the pandemic. We thank you for your generous support to Karnataka at a time of need.

The commitment and dedication that you have shown to help fellow citizens and communities is something that we will be forever grateful for. These have truly been unprecedented times, and thanks to your determination and selfless acts, our response to the Covid-19 pandemic is something we as a collective can be very proud of.

We further acknowledge the spirit of altruism and look forward to your continuous support in all future endeavours.

With regards,

Yours sincerely

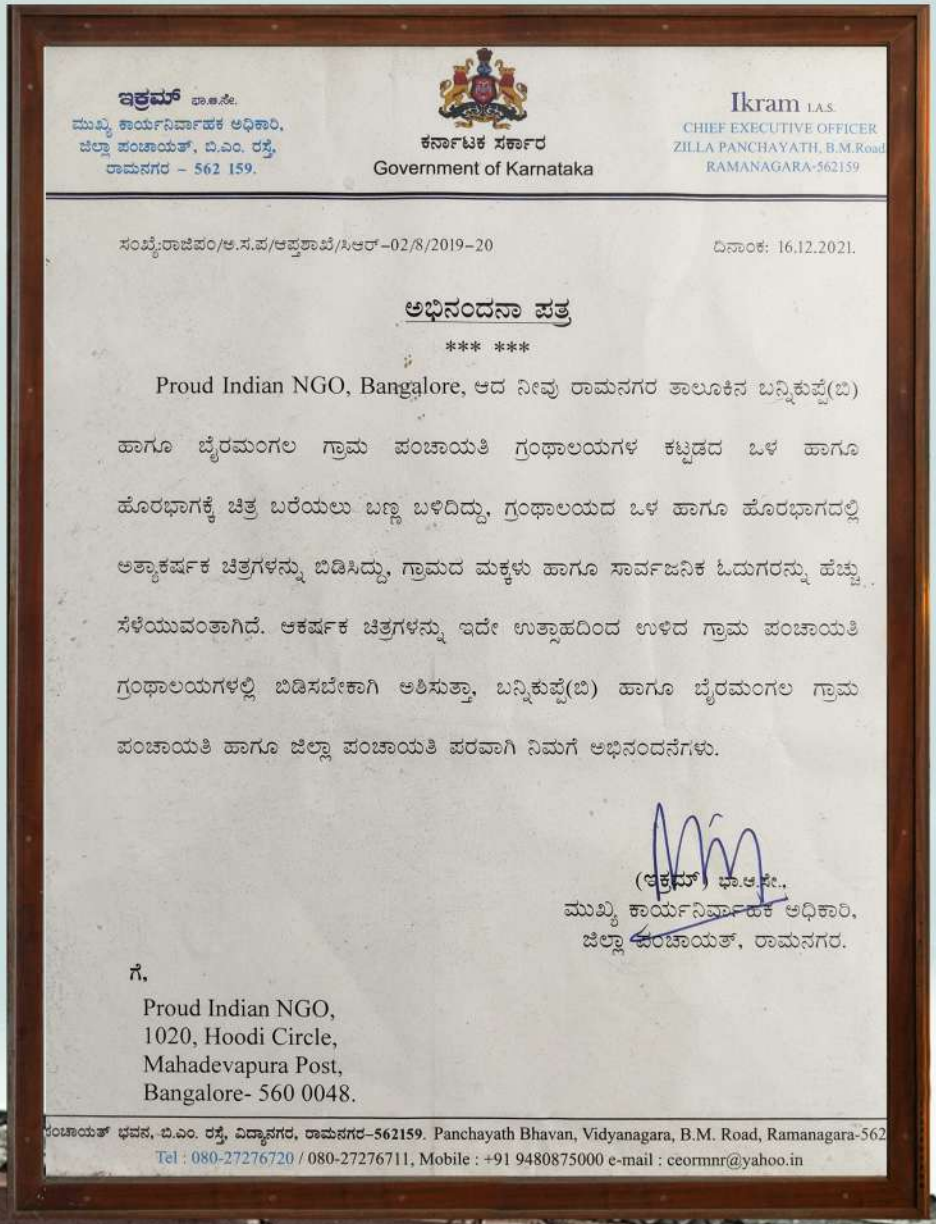

(P. RAVI KUMAR)
