Sponsorship · Kalakriti 4.0

A stage of their own, once a year.

Kalakriti is our arts festival for children from Bengaluru's low-income communities. The fourth edition is in September 2027, and we are looking for the companies who will make it happen.

September 2027 · Bengaluru

Why Kalakriti

Talent is everywhere. Stages aren't.

The children who come to Kalakriti sing, dance and paint as well as any child in the city. What they rarely get is a stage: a real one, with lights, judges, costumes and a hall that cheers for them.

- It is free for every child. We pay for the buses, the lunch, the materials, the costumes, the medals and the certificates.
- Every child goes home with a certificate, and the winners lift a trophy on stage.
- The children who shine don't go back to waiting for next September. Kalakriti Horizon trains them all year.
