ABOUT PROUD INDIAN

Since its inauguration on 26 January 2019, Proud Indian has been committed to advancing inclusive and sustainable development with a focused mission of poverty eradication in India.

Founded by a group of like-minded professionals with experience in social upliftment initiatives, Proud Indian has evolved into a structured organization driven by evidence-based planning, comprehensive community mapping, and continuous engagement with domain experts. Our intervention model is aligned with CSR principles and national development priorities, emphasizing the creation of self-reliant communities through skill development, entrepreneurship-oriented training, access to productive assets, and livelihood generation opportunities for marginalized populations.

Proud Indian places strong emphasis on project sustainability, measurable social impact, and responsible resource utilization. We believe that meaningful development is achieved when underserved communities are economically empowered, income levels improve, and long-term resilience is established—thereby delivering shared value for beneficiaries, partners, and society at large.

MESSAGE FROM CO-FOUNDER

I have always believed that true change begins with education and awareness. When we step into the narrow lanes of low-income communities,

we see not just challenges, but an ocean of potential waiting to be unlocked. Through Proud Indian, unlocked. Through Proud Indian, we provide children and families with opportunities to strengthen their English communication skills and understand the government schemes that can transform their lives through our Know Your Benefits program. Every smile, every breakthrough, every small step forward reminds us why this mission matters.

I deeply believe that the individuals we support today will become the changemakers who uplift our society tomorrow.

S. Chenthil Kumar (CK) | Co-Founder

"To me, poverty is not defined by a lack of money—it is defined by a lack of opportunity, direction, and hope. As we worked closely with various

communities, we learned that people are not helpless; they simply need a hand that guides, supports, and believes in them. This realization brought our group of friends together, united by a shared dream, and gave birth to Proud Indian. Our projects are built on empathy and understanding—listening to people's real struggles and responding with meaningful solutions. Our long-term dream is bold yet simple: to reach slum communities across India and give them the opportunities

Together, we are not just running an organization; we are building futures, restoring dignity, and lighting the path for generations to come.

OUR CHAPTER

We are currently working in three different locations, which include two cities and one rural area. In Bengaluru and Mumbai, we focus on underprivileged children living in slum communities, with primary emphasis on education and nutrition. In the Nagarahole region, we work towards the development of tribal communities.

No of Events Conducted

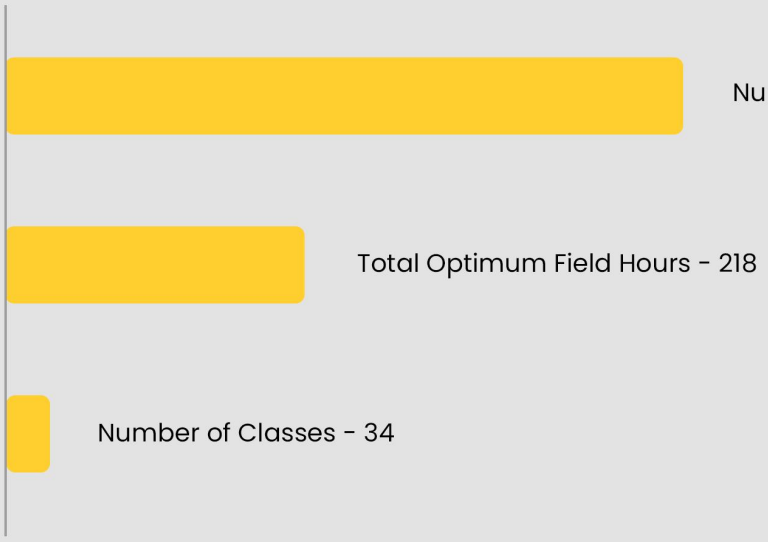

EDUCATION

Our regular weekend classes are helping community children build their confidence every day. We conduct social-awareness–oriented art classes where our volunteers teach important topics through visual learning. Children are encouraged to explain what they have understood from each session, which helps improve their public speaking skills and deepens their knowledge of the topics we cover every

In the second part of the session, children create posters using their creativity and connect their artwork to what they learned in the first half.

Little Bot is another initiative where our volunteers introduce community

IMPACT

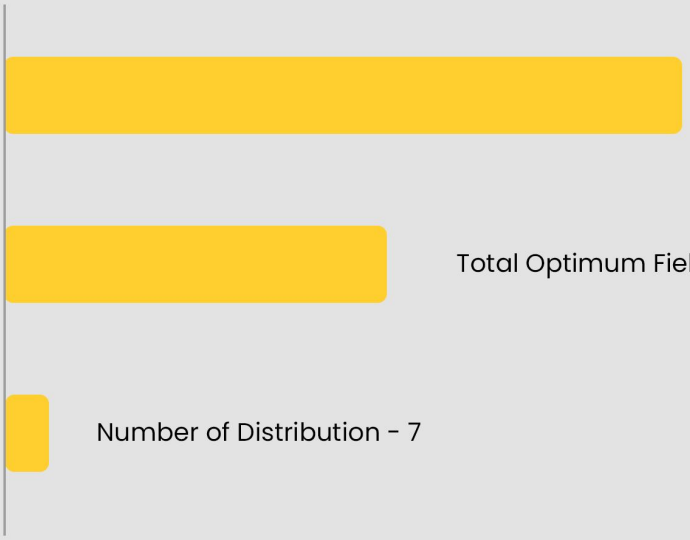

FOOD AND NUTRITION

We believe that improving children's nutrition is essential to building a healthy and thriving community. Proper nutrition plays a critical role at every stage of life—it supports healthy pregnancy outcomes, ensures normal growth and development, promotes healthy aging, helps maintain an ideal body weight, and reduces the risk of chronic diseases.

By prioritizing balanced and nutritious meals for children, we are investing in their long-term well-being and laying a strong foundation for a healthier future for our community.

IMPACT

SOLAR - GREEN ENERGY

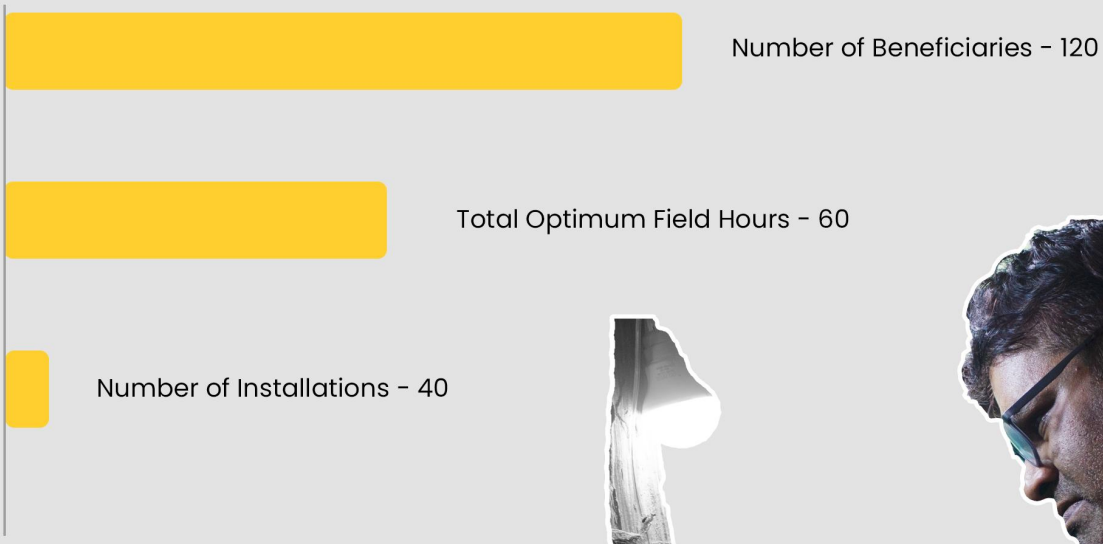

Access to reliable electricity remains a challenge for many families in the Iblur community. To support them with a sustainable and affordable solution, we took a small yet meaningful step by installing solar lamps in local huts. This initiative not only reduces dependence on costly electricity but also promotes the use of clean, renewable energy within the community.

Guided by the belief that meaningful change often begins with simple acts of compassion, we are inspired by Mother Teresa's words:

"We cannot do great things on this Earth, only small things with great love."

Through this initiative, we strive to continue bringing light, hope, and environmentally friendly solutions to the families we serve.

IMPACT

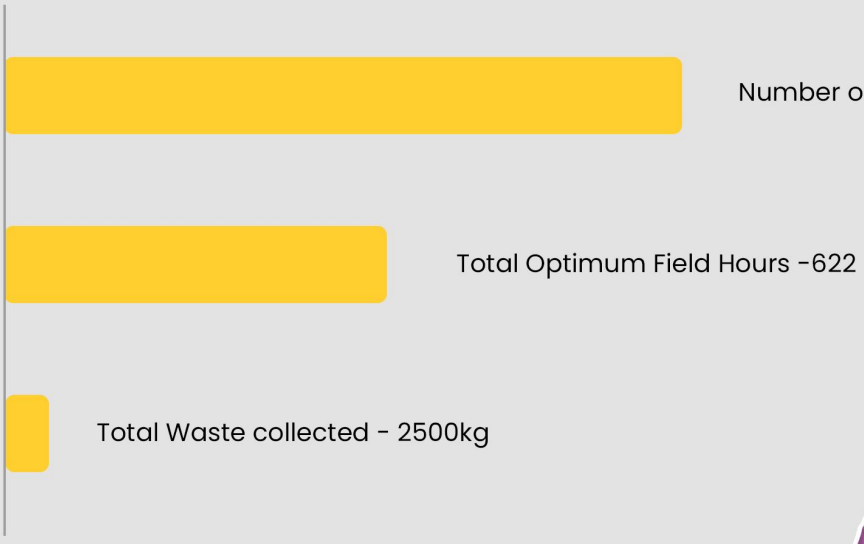

CARE ABOUT EARTH

Throughout the year, Care About Earth remained committed to restoring and maintaining clean, healthy public spaces. Our initiatives focused on cleaning key natural and community areas such as waterfalls, parks, and lakes, ensuring safe and vibrant outdoor environments for all.

We believe that environmental protection begins with citizen responsibility; however, a noticeable awareness gap still exists.

To address this, we conducted regular community awareness programs, interactive sessions, and environmental drives to promote sustainable practices and the protection of natural resources. As part of our green initiatives, eco-friendly bird nests were installed at two city locations to support local biodiversity. We also organized three mountain treks that combined fitness, environmental education, and cleanup activities, encouraging volunteers to actively participate in protecting natural landscapes.

THANK YOU MESSAGE FROM OUR FINANCE LEAD

On behalf of the entire finance team, I would like to express my heartfelt gratitude to our donors for your unwavering support and generosity throughout the past year. Your trust in our organization has allowed us to allocate resources efficiently, ensuring that every rupee is put to the best possible use. Because of your generous support, we have been able to expand our programs, reach more individuals in need, and create lasting change. None of this would have been possible without your ongoing support.

Besides financial contributions, we have been inspired by your belief and passion in our work. Your commitment to our mission has resonated with our team, motivating us to work tirelessly to achieve our goals. Once again, I extend my deepest appreciation for your continued support, both financially and morally. We are privileged to have you as a part of our donor community, and we look forward to another year of collaboration, innovation, and positive changes.

With sincere gratitude,

Sarjun

THANK YOU MESSAGE FROM OUR HUMAN RESOURCE LEAD

On behalf of the entire Proud Indian NGO family, I extend my heartfelt gratitude to everyone who has been a part of our journey this year. Our achievements are a reflection of the dedication, passion, and unwavering commitment of our volunteers, staff members, partners, and supporters.

Each of you plays a vital role in turning our vision into meaningful action—whether by contributing your time, sharing your expertise, or standing with us in our mission to create lasting social impact. Your collective efforts have strengthened our programs, expanded our reach, and inspired hope in countless lives.

I would also like to acknowledge the incredible spirit of teamwork within our organization. Our volunteers continue to lead with compassion, and our staff consistently demonstrates resilience and professionalism, even in challenging moments. It is this shared determination that keeps Proud Indian NGO moving forward with purpose.

Thank you for believing in our mission and for being a part of this community of change-makers. As we step into another year of service, we look forward to growing together and continuing to build a brighter, more inclusive future for all.

With sincere appreciation,

Sameedha
